AIV Suspect

Oh no! You were accused of committing an AIV. You can't continue investigating until you are cleared.

Skip turns until someone draws a Safe Card or rolls a 5.

Battery Low

Your laptop has lost charge and you can't work on the case until it's up again.

Skip a round until it restarts.

Eeshablablabla

You run into Eesha who wants to tell you a long story about her day.

Skip a turn to listen to her story or use a Safe Card to avoid it.

Fry-nergize

Those fries you got at CUC provided
you with some extra brain cells, yay!

You get to make ONE more
guess this round.

Battery Low

Rubbing Scotty's nose finally
paid off for you!

You get to make ONE more
guess this round.

Noogler

Turns out, Ritu's newest cap has a propeller on it!

Use this to fly to any room that isn't directly adjacent.

Safe Card

Use this card to save a friend from
an AIV, or save it for a rainy day.
